

December 12, 2013

Dear Sir/Madam:

This is a letter of invitation for Dr. Muzzafar Lone at the Department of Physics in the University of Kashmir for a visit to the National Institute of Informatics (NII) in Tokyo, Japan.

During his visit, which is scheduled for January 2014, we will discuss our research project on non-Markovian decoherence effects of Bose-Einstein condensates. The costs of the trip will be covered by a non-MOU grant which was previously applied for and granted at NII.

Yours Sincerely,

Tim Byrnes

Assistant Professor

Principles of Informatics Division

National Institute of Informatics
