

**Resonance Science Outreach Program
University of Kashmir, Srinagar
October 10 - 14, 2023**

CALL FOR REGISTRATION

With an aim to improve science education so as to attract young minds to science and make science more accessible, Indian Academy of Sciences, Bangalore and University of Kashmir, Srinagar are jointly organizing a 5-day Science Outreach Program at University of Kashmir, Srinagar from October 10-14, 2023. Limited Outreach activities are also planned in far flung colleges.

More than 25 renowned scientists have confirmed their arrival and expressed their willingness to interact with the students, deliver lectures and arrange hands-on activities. The targeted participants are UG students studying in any year of college preferably from Science, Technology, Engineering and Mathematics (STEM) disciplines.

Interested students are required to register for the program and submit their google form latest by September 29, 2023 on the following link:

VISIT <https://phy.uok.edu.in/Main/> go to SCIENCE OUTREACH PROGRAM and in the drop down menu click REGISTRATION

Important dates:

Outreach Program: October 10-14, 2023

Registration deadline: September 29, 2023

Selection information: September 30, 2023

Note: 1. There is no registration fee. Lunch and Tea shall be served on all days. Accommodation and transport cannot be provided. Please don't send any such requests.

2. Selected students shall remain in touch with the office of their college principals. College Principals are requested to treat the selected students on Duty Leave during 10-14 October, 2023.

3. For any really necessary queries, write to ias.res.ku@gmail.com

4. For further details, check the tab "Science Outreach Program" at the official website of the department of Physics, University of Kashmir.
